About Emerald Publishing

Nurturing fresh thinking that makes an impact

Emerald Publishing was founded in 1967 to champion new ideas that would advance the research and practice of business and management. Today, we continue to nurture fresh thinking in applied fields where we feel we can make a real difference, now also including health and social care, education and engineering.

We publish over 300 journals, more than 2,500 books and over 1,500 case studies. Our priority is to build long-term relationships with a global community of authors, teachers and librarians who want to find, share and apply research that matters.

Backfiles Collections

Preserving over 100 years of management research online

A lifetime investment for your institution, Emerald Backfiles will significantly enhance your library's offering by providing access to over 129,000 articles from more than 260 journals dating back to 1898.

eBook Collections

Research at your fingertips

Bringing together over 1,600 eBooks, the Emerald eBook collections are a cost-effective way of instantly expanding library holdings and increasing usage through an award winning platform alongside journals.

eCase Collection

Real world business scenarios for the classroom

An annual single subscription provides unlimited access for students and faculty to a growing digital library of over 1,500 real world case studies on a wide range of industries spanning the business and management disciplines from across the globe.
